DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert W. Faris on 9-30-05.

The application has been amended as follows:

In claim 9, line 10, --but not all of the further radiators-- has been inserted before "are jointly fed".

The change has been made to include limitation in claim 9 for overcoming over Smith et al. (US 6,211,841).

Allowable Subject Matter

- 2. Claims 1-12 are allowed.
- 3. The following is an examiner's statement of reasons for allowance: It is agreed that the prior art of record fail to teach or suggest, alone or in combination, the limitations: "the radiators in the at least one gap except for at least one radiator being jointly fed, and the at least one radiator in at least one of the gaps being fed jointly with some but not all of the radiators of a gap adjacent to the at least one gap" in a manner claimed in claims 1, 8 and 9. It is for these reasons in combination with all the other limitations in the independent claims 1, 8 and 9, and in light of the terminal disclaimer filed on 2/16/05 that claims 1-12 are allowable over prior art of record..
